HOW WE WORK

Requirement-led, written quotations

One supply partner across connected sectors.

Share a product specification, BOQ, tender requirement or project brief. Our team reviews the requested make, model, quantity, location and schedule before preparing a quotation.

Electronics & automation

Electrical materials, controls, drives, sensors and automation equipment.

Drones, UAV & aerospace

Model enquiries, spares, agriculture and project UAV requirements; custom non-weaponized concepts by brief.

IT hardware & networking

Computers, network devices, accessories and related equipment enquiries.

CCTV & security

Cameras, recorders, access equipment, system packages and works enquiries.

Construction materials

Building materials, infrastructure requirements, BOQs and contract-work enquiries.

Glass & aluminium works

Architectural glass, profiles, windows, doors, facades and related project enquiries.

Hardware, plumbing & sanitary

Plumbing products, tools, sanitaryware and bath fittings.

Industrial tools & machinery

Tools, pumps, bearings, equipment and model-matched spare-part enquiries.

JCB & earthmover rentals

Rental requests for project equipment, subject to location and confirmed availability.

Real estate & property

Residential, commercial and land-related enquiries; availability and terms confirmed individually.

Tender and vendor enquiries

Requirements can include tender references, compliance details, quantities, delivery schedules and buyer specifications.

Project and contract support

Discuss a BOQ, site requirement, product package or works scope for review and written quotation.
